

# Without You

Billy Ocean

Hmm, mmm  
There's a place deep down in my heart  
Ohh I think of you there, when we're apart  
Your sweet love, I can't resist  
Oh, I need you girl, remember this

Everything that I ever wanted  
Ohh, I found it in you, my dream come through  
You've touched my life  
Now there's no letting go  
When I think of you girl, oh I know

Without you, the stars will never shine  
Without you, the morning light won't show  
Don't you know, there'll be no tomorrow  
Without you, hmm

Please stay, by my side?  
For a million tomorrows  
Love is our guide  
Only you, can make me see  
And baby nothing else matters  
If you're with me, ohh

Without you, the stars will never shine  
Without you, the morning light won't show  
Don't you know, there'll be no tomorrow  
Without you, hmm

When I look out my window  
Reminiscing like lovers do  
I won't get over you  
If it don't last forever (last forever)  
Don't you know, that morning sun will never shine, without you?  
Without you, uhh

Without you the stars will never shine  
Without you, the morning light won't show  
Don't you know, there'll be no tomorrow, without you babe  
Ohh, without you babe

Ohh, (without you) I won't be long  
Like a park without a home, o baby (baby, baby)  
(Without you) everything I want and everything I need, o baby  
There's a place in my heart, for you, you, you, you (without you)  
Oh, without you babe (without you baby)
