

# Do It While You Can

Billy Preston

While I'm here, let me sing my song  
'Cause I know that my time ain't long

While we're here, let us make some love  
Let us all praise the Lord above

Wasted time is a waste of faith  
Do something good for the human race

Do it while you can, oh do it

While I'm here, let me sing my song  
'Cause I know that my time ain't long

You might as well get it while you can  
Do something for your brother  
Lend a helping hand  
Get it while you can  
Why don't you  
I've got you?  
If you knew what I knew  
I've got to start  
Ain't got much time  
You better go ahead and do  
Whatever is on your mind

Do it, pull around  
Do it

While I'm here, let me sing my song  
'Cause I know that my time ain't long

Do it while you can
