

Right Now

Billy Preston

Right now, right now
I've got to have your love right now
Right now, right now
I've got to have your love right now

Right now (This very minute)
Hurry up, baby (I ain't gonna wait no longer)
I've got to have your love right now
Right now (This very minute)
Right now (I ain't gonna wait no longer)
I've got to have your love right now

I've been waitin' time's runnin' out on me
(Runnin' out, runnin' out)
I'm impatient, baby, can't you plainly see?
Come on, baby, give your love to me

I have waited, baby, time's runnin' out on me
(Runnin' out, runnin' out)
I'm impatient, baby, can't you plainly see?
Come on, come on, baby, give your love to me

Right now (This very minute)
Right now (I ain't gonna wait no longer)
I've got to have your lovin' right now
Baby (This very minute)
Hear me talkin' to you (I ain't gonna wait no longer)
I've got to have your love right now

Got to have your love right now (I, I just got to have it)
Got to have your love right now (I, I just got to have it)
I, I just got to have it
I, I just got to have it
