

# Forever

Billy Raffoul

Something going on, something strong that I'm feeling  
You're either in my bed or my head, never leaving  
You think it's crazy when I say you're the one  
You say, "What do you know about love?  
What do you know about love?"

Believe me if I could, then I would lose your number  
But something 'bout the way you behave like no other  
So call me crazy, but I think you're the one  
You say, "What do you know about love?  
What do you know about love?"

I know you and I go good together  
When it's cold, you'd be warm inside my sweater  
I know, people change just like the weather  
But nevermind, you and I would be alright forever  
Forever

I dove in the deep just to see it was shallow  
Took a couple shots, had to dodge a few eyerolls  
Waited up all night for landing from above  
Still I don't know a thing about love  
I don't know a thing about love, but

I know you and I go good together  
When it's cold, you'd be warm inside my sweater  
I know, people change just like the weather  
But nevermind, you and I would be alright forever  
Forever  
Forever

I know you and I go good together  
When it's cold, you'd be warm inside my sweater
