

Something New

Billy Raffoul

Your eyes
Meet mine
So I count to two
I get
Nervous
When I look at you
It's so classic
Yet somehow brand new
Oh oh oh oh
I feel it in my bones

I can't dance, but I'll dance with you
DJ play us something new
There's a girl that
Makes me feel like love is in the room
So I beg of you, play us something new
Oh I, oh I, I
Oh, I beg of you
Oh I, oh I, I
Play us something

Slower
So her
Hips are in my hands
It's been
Ages
Since our high school dance
But you know how bad I want you
Same as the day I saw you
Oh oh oh oh

I can't dance, but I'll dance with you
DJ play us something new
There's a girl that
Makes me feel like love is in the room
So I beg of you, play us a something new
Oh I, oh I, I
Oh, I beg of you
Oh I, oh I, I
Play us something

Slower
So that I can hold her
Pull her body closer
Never let her go
Sway into the light of new day
I'm hoping that you stay evermore

I can't dance, but I'll dance with you
DJ play us something new
There's a girl that
Makes me feel like love is in the room
So I beg of you, play us something new
Oh I, oh I, I
Oh, I beg of you
Oh I, oh I, I
Play us something new

Oh I, oh I, I
Oh, I beg of you
Oh I, oh I, I
Play us something
