

# I Could Be The One

Billy Ray Cyrus

I can be a rock-hardheaded fool  
Stubborn as a two dollar 4-h mule  
Hard to handle as your granddad's tools  
But I could be the one  
I can be as loud as an F-16  
I Got a river-wide redneck streak  
Yeah, I can be a full blown SOB  
But I could be the one

I Could be the One that's the one for you  
I could be your one crazy dream come true  
I could be the arms, I could be the heart  
I could be the love that you could fall into

With somebody like you with me  
Ain't no tellin' what i could be  
'Cause you could be a star  
You could even could be the sun  
And I could be the one  
I could be a too much tequila mistake  
Or I could be your heart's big lucky break  
Might be a little more than you can take  
But I could be the one

I Could be the One that's the one for you  
I could be your one crazy dream come true  
I could be the arms, I could be the heart  
I could be the love that you could fall into

With Somebody like you with me  
Ain't no tellin' what I could be  
'Cause you could be a star  
You could even be the sun  
And I could be the one  
Yeah, you could be a star  
You might even bet he sun  
And I could be the one  
Yeah, I could be the one
