

# It Won't Be The Last

Billy Ray Cyrus

First time I laid eyes on you  
I knew it must be love  
From the moment you first spoke to me  
You're all I could think of

The first time we were together  
Oh the time just went so fast  
I recall when you first kissed me  
And said it won't be the last

Now it's the first time that I call our home  
To find out it's not mine  
It's the first time I reach out for you  
But you're not there to find  
It's the first time that I call your name  
To realise it was the past  
It's the first time that you broke my heart  
It won't be the last

I think back on yesterday  
Being in your loving arms  
Not like the dreams that we let slip away  
The memories live on

Cos I pray to God for answers  
To all the questions that I asked  
Another night of missing you  
It won't be the last

Cos it's the first time that I call our home  
To find out it's not mine  
It's the first time I reach out for you  
But you're not there to find  
It's the first time that I call your name  
To realise it was the past  
It's the first time that you broke my heart  
It won't be the last  
It's the first time that you broke my heart  
But it won't be the last
