

Worry

Billy Ray Cyrus

Hey I was driving down the road the other day as I'm a motorcycle
I'm shooting down the road headed for the studio
We're in Nashville recording our brand new album
Now we've been working on it and this is first date
We've done since we've been in working on this
Last couple of weeks and this was good to be
Out here with you all making live music and you all been alive
(crowd cheering)

So I wanna share something with you all because I love you
Now I seen this and it just hit me just like I am, I just hit me right
at home

So as I was going by committed it to memory and I wanna share it
With you all tonight because I love you. (Crowd cheering) The sign said
"worry, worry"

Okay, okay now I got to tell you something. Don't holler take your shirt
off for the next fifteen seconds so I can tell these people something that's
real important. Okay, okay you gotta listen
Or you'll miss it I'm telling you. You gotta memorize it or to get away
from you by the time you

Get out of here and get your first stop sign. (Crowd cheering) Worry
is the clouds over tomorrow that we pull over us today. Worry is the
clouds that we pull over us that covers up our sunshine today. (Crowd
cheering) Don't do that, Live life and count your blessing every single

(music in the background) Day if you wake up and see the sunshine
Worry, worry

Hey, okay, I gotta tell you something

Worry, worry

Someone share something with the album cause I love you

Worry, you give me worry give me worry

Don't do that

Worry, worry

I committed it memory

Worry

You gotta listen, you gotta listen or you'll miss it

Worry

Don't do that

Worry, worry

You gotta memorize it or to get away from me

Worry

Okay, okay

Worry

Is the clouds over tomorrow that we pull over us today

That covers up of sunshine today

Count your blessing

Count your blessing (wer,wer,wer worry)

Count your blessing (take your shirt off)

Count your blessing (worry)

Don't do that (worry)

Count your blessing

Don't do that (worry)

Count your blessing
I committed it the memory
Count your blessing (worry)
Count your blessing (worry)
Count your blessing (worry)
