

Break Down

Billy Squier

I found your note this mornin'...
I didn't want to know
I locked the doors around me...
And tried to let it go
But I think back to yesterday...
To when I had a home

Oh I oh-oh I break down
Oh I oh-oh I break down

I wish it could be different
And we hadn't gone so far
And I could show my weakness
Then you wouldn't be so hard
Every time you walk away...
Now I fall down and I crawl

Oh I oh-oh I break down
Oh I oh-oh I break down

Catch me, I'm fallin I believe I'm fallin'
Catch me, I'm fallin right down
Catch me, I'm fallin I believe I'm fallin'
Catch me, I'm fallin right down

I'm scared to let you hold me
I'm scared to let you go
I'm scared that you might know me
In a way I'd never know
Every night I steal away...
But comin' back's so hard

Oh I oh-oh I break down
Oh I oh-oh I break down

Catch me, I'm fallin believe I'm fallin'
Catch me, I'm fallin right down
Catch me, I'm fallin hear me, I'm callin'
Catch me, I'm fallin right down
Right down
