

Happy blues

Billy Squier

I don't wanna be happy
if happy means I got to be like you
I don't wanna be happy
if happy means I got to be like you
Wake up in the mornin'
try to satisfy somebody new
You make it sound so sweet
why do I always feel so sad
Make it sound so sweet
why do I always feel so sad
All the time I keep wonderin'
whatever happened to the love I never had
I could be satisfied
if you would never ever call my name
I could be satisfied
if you would never ever call my name
I'm tired of your down-lookin'
and I don't wanna play this losin' game
I don't wanna be happy
if happy means I got to be your friend
I don't wanna be happy
if happy means I got to be your friend
Take all I got to give -
leave me out here on my own again
