

Know It All

Billy Strings

Well all I know is everything I've learned
And if I'm changing that's the reason that I'll turn
Into someone I can trust
Before I turn back into dust
There's an answer but I wouldn't be concerned

Out of everything I've seen and all I've heard
And everywhere I've been around the whole wide world
There's still something I can't find
I've been lost within my mind
Since you fell out of my sight without a word

Well I thought I knew it all
Till I crashed into the wall
Let me learn from my mistakes
And try to pick up all the pieces

Well the night we met I thought you were the one
Yes and when you left I nearly came undone
There's a million miles to go
At the end I still won't know
What I did to ever send you on the run

Now the memories just keep flying 'round and 'round
And I'm traveling faster than the speed of sound
Well the bigger I stand tall
It's the harder I may fall
On the day my vices lay me in the ground

Well I thought I knew it all
Till I crashed into the wall
Let me learn from my mistakes
And try to pick up all the pieces

Well all I know is everything I've learned
And if I'm changing that's the reason that I'll turn
Into someone I can trust
Before I turn back into dust
There's an answer but I wouldn't be concerned

Well I thought I knew it all
Till I crashed into the wall
Let me learn from my mistakes
And try to pick up all the pieces

Let me learn from my mistakes
And try to pick up all the pieces
