

MORBUD4ME

Billy Strings

Well, a friend with weed is a damn good friend of mine
I said, "A friend with weed is a damn good friend of mine,"
'Cause I love my weed, and I smoke it all the time

If you don't like smokin', that's quite all right with me
If you don't like smokin', that's quite all right with me
'Cause if you ain't smokin', then there's just more bud for me

Sailin' through the haze
This life is but a phase
Ridin' through the smoke
This life is just a joke

If I spend my mornin' with a jibber, I'm doin' fine
If I can spend my mornin' with a jibber, then I'm doin' fine
If I start with two, then my whole world's realigned

Well, a friend with weed is a damn good friend of mine
Well, a friend with weed is a damn good friend of mine
Said, "A friend with weed is a damn good friend of mine,"
Well, a friend with weed is a damn good friend of mine
'Cause I love my weed, and I smoke it all the time
'Cause I love my weed, and I smoke it all the time
Mm-hmm

More bud for me
