

# Slow Train

Billy Strings

I'm heartbroken and I'm feelin' low-down  
I'm sick and tired of the life I live around this old town  
And I'm gettin' tired of cryin' over you  
So honey, here's what I'm gonna do:

I'm takin' the slow train for a long ride  
I'm gonna stay a long time  
Lisin' an old love, startin' a new life  
I'm takin' the slow train, leavin' tonight

Well I'm as lonesome as a soul could be  
I've got to find someone who cares a little bit for me  
And I'm gettin' tired of goin' down the track  
Still honey, I ain't never comin' back

I'm takin' the slow train for a long ride  
I'm gonna stay a long time  
Lisin' an old love, startin' a new life  
I'm takin' that slow train, leavin' tonight

I'm takin' that slow train for a long ride  
I'm gonna stay a long time  
Lisin' an old love, startin' a new life  
I'm takin' that slow train, leavin' tonight  
I'm takin' that slow train, leavin' tonight
