

Triple bagged citrus leaking through the plastic
Blood orange classic old fashioned
Bittersweet cherry pop
Steady groove I let the levee drop
Petty toy like spaghetti snot
Gutta slop
Ready rock retarded
I'm skin bone and carbon
Burning paper noxious vapors beg your pardon
Hemp watermark stamp over legal tender vittles
I'm blacking out on principle corrupted clash digital
When simple wasn't sensible
Levels we could bring it to
Dismember reassemble you all in the name of love
I'm not crazy
I'm afraid
I'm awake
I'm laying seven stories high rolling complimentary shake
Staring out in space sometimes I feel nothing
Mostly out of place most days like weak punch ins
Uphill hustling
Dead lung
Rabbit out the hat minus the crowd participation
My pain your entertainment
Shuffling arrangements might knock you out your trainers
Unexpected changes
Schemes turn dangerous
More means to mangle
Watch the cream durango
Guess that's how the game go

Break and enter
All intended victims
Name change to protect the guilty
You on the wrong side
Wrong side
Wrong side

Break and enter
All intended victims
Name change to protect the guilty
You on the wrong side
Wrong side
Wrong side

Barfly
Glass of rye banzai
To all my friends
Glasses high
Seperate the english from the dutch
Apartheid
Pixelate his face in surveillance tape
Archives
Heavy is the head
Rastafari
Dredder than dred
Marked for death

Karzai
Beard like I'm on Hajj
Go hard like Old Testament God
You burning bush? They livin' large
That fire kush bring dough like synagogue
Ooh baby I like it raw
Honey
Eschewed britches
Money steady faking
Never move like Hakeem pivot
Church shoes eyes wet with Glenlivet
Suit I'll-fitted
Genuflect
Shoot clear spirit
Niggerlip the spliff
Lose tail
Old lizard
All else fails he hustle hail in a blizzard
Scheme
Put it all on the line
Buddy Ryan
Bounty on your head
Battery in they spine
Janjaweed on wild horses
There's nothing on that high moral ground but more corpses

Break and enter
All intended victims
Name change to protect the guilty
You on the wrong side
Wrong side
