

## Slow Week

Billy Woods

Oh man, now I'm probably never gonna see that money

Havin' a laugh  
Mugabe in a DOOM mask  
Even if you win they run it back like sound clash  
'Bout to go in like K-9 found the ground stash  
Groundhog's Day in each teeny-tiny bag  
That's no way to live  
You never lived no other way  
Landlord bumped the rent  
The victim bumped my friend  
What happened next, happens erry other day  
Deep water, Spalding Gray  
Sink under grey wave  
As she got older my momma started to pray  
Seen bible on nightstand and felt some typa way  
Meanwhile first of erry month, I gots all of hell to pay  
That's what I get trying to do the right thing  
This shit here better work like skin-lightening cream  
Uncut dope that'll frighten fiends  
Went for self, no-I-in-team  
So woke, we had no dreams  
No plan, but plenty schemes  
Look Ma, no hands  
Clap M16 on empire's edges  
Empty magazine, Yitzhak Rabin, they get the message

It's a slow week  
It's a slow week  
It's a slow leak  
It's a slow week  
It's a slow week  
It's a slow week  
It's a slow leak  
It's a slow week  
It's a slow week  
It's a slow week  
It's a slow leak  
It's a slow week  
It's a slow week  
It's a slow leak  
It's a slow week  
It's a slow week  
It's a slow week  
It's a slow week

One of ours is dead. One of theirs is gonna answer for it
