

Weeper

Billy Woods

Ghetto Red Hot, two bad duppy nuh walk
Smoke pot, shadowbox while duppy watch
Body wash 'pon the rocks, drowned
Body rot in empty lot, never found
But bad pennies stick around
Right where they was gunned down
This a gunman town, duppy abound
At night you hear the sound
Bodies bound, taped, the grave gapes, the worms ate
Duppy whisper what awaits
They got nothing but time, they can wait
Sour grapes, quicklime burned his face
Woke with the shakes, soda bakes cocaine flakes
Smile Jamaica, Colgate, dubplate
Sevens Clash, weight 'pon the eighth
Big man sit behind big gate
Broke glass top the wall, think 'im safe
Room packed with corpse like tomb
Smearing gore on fine drapes
Whore pose obscene, dress torn from the rape
"Like what you see? You liked it that day"
Dick stiff, balaclava, tape on the grip
Hands reach from the pit, massa reach for the whip
Preacher turn away sick, he said you would pay and you did
