Imagine for a moment that you're in the '90s  
Headed for the evening at the best spot in town

I keep staring right through this place  
I keep looking right through this glass  
I see the colors turn into one  
Am I worth it? Is it worth it?

I spill blood on the floor  
And pick it up again  
Over and over (Over and over)  
I throw it through the wall  
And pick it up again  
Over and over (Over and over)

Everywhere and nowhere at once  
Everything from gold to white  
Feels like my insides wanna break out my body  
But I, I just can't stand up

(I've fallen and I can't get up)

I spill blood on the floor  
And pick it up again  
Over and over (Over and over)  
I throw it through the wall  
And pick it up again  
Over and over (Over and over)

I keep my attention divided  
I keep my heart unresided  
I go from high to low  
I keep my attention divided  
I keep my heart unresided  
I think it's getting old

I spill blood on the floor  
And pick it up again  
Over and over (Over and over)  
I throw it through the wall  
And pick it up again  
Over and over (Over and over)
