

Feel

Bilmuri

I'm numb, just like everyday for the past month
And I'm done, it's like every other moment passes me by
Cling on to the other side, even though I know it's futile
Hold on to the air in my head, the air in my head

I don't care anymore, I don't care anymore
I don't care anymore, I don't care anymore

I'm numb when there's nobody left to run from
And I'm done letting all of them dig a hole in my sides
I'm just trying to stay alive, even though it just feels futile
I don't know what to believe anymore

I don't know what to believe anymore
I still feel alone sometimes
I don't know what to believe anymore
I still feel alone sometimes

I don't care anymore, I don't care anymore
I don't care anymore, I don't care anymore

I don't care anymore, I don't care anymore
