Oh, oh, oh
Oh, oh, oh

At some point, let my mind fall
Feel my lungs breathe, feel my heart slow
Stop the scars in my head
Just for a moment, hold my breath
No more heart on my sleeve
Just leave it alone

'Cause I can't bleed anymore
I just don't need anymore

Shifting eyes, puncture wounds
Lock myself up away in my room
I never thought it would hurt like this
It is what it is

'Cause I can't bleed anymore
I just don't need anymore
I feel my heart break my soul
'Cause this all to feel so calloused and numb
'Cause I can't bleed anymore, anymore
Oh, oh, oh
Oh, oh, oh
Anymore
Oh, oh, oh
Oh, oh, oh
Anymore

I'm done with the world
When you feel so cold
Done with the world
I'm breaking through
Breaking through

'Cause I can't bleed anymore
I just don't need anymore
I feel my heart break my soul
'Cause this all to feel so calloused and numb
'Cause I can't bleed anymore, anymore
Oh, oh, oh
Oh, oh, oh
Anymore
Oh, oh, oh
Oh, oh, oh
Anymore
