

Lie

Bilmuri

Did I pour my blood into the wrong faith?
Leaning on your rope that's bound to break
Did you whisper too quiet for me to hear
Or did your voice fall right through me?

I'm starting to feel like your love was a lie
And I'm starting to feel like you left me to die

Did you give me freedom and make me a slave?
Give me love and then hand me a spade
Did you give me light and let it fade away?
Hold me in your arms and then just walk away

I'm starting to feel like your love was a lie
And I'm starting to feel like you left me to die

I know you won't leave me
(Because I feel your love, I feel your love)
And I know you won't leave me
(I know I feel your love, I feel your love)

I don't believe that your love is a lie
And I don't believe that you left me to die
