

## Near

Bilmuri

Stitch up this heart  
And hide it away  
I keep it somewhere dark and safe  
Watch it fade to grey  
I still feel this way  
When light catches your face  
You open these stitches again  
When I see your face  
When I see your face

I guess what I'm saying is I don't wanna die alone  
Keep looking around and there's nowhere left for me to roam  
I can't keep my head up, there's nowhere left to go alone  
Please take me home

And now we're standing here with blood on our hands  
You tear me open and dig through my chest  
I'm so sad and cold with the spaces you left  
I stitch up my heart again and lay this to rest  
To rest
