Bilmuri

I think I'm done going outside
Do what I can to stay awake
Might feel the cold in a while
I just wanna feel okay
I need to know

Am I real?
Or am I just a ghost?
Can I feel?
Or am I just a ghost?

I think I memorized every corner of my room
But I'm still running from my shadow
Like my world is gonna fall apart
When it's okay, it's okay
So just breathe

Am I real?
Or am I just a ghost?
Can I feel?
Or am I just a ghost?

I can't take the world anymore
So I close my eyes and simply run away
I can't take the world anymore
So I close my eyes and watch it fall away

Or am I just a ghost?
Can I feel?
Or am I just a ghost?
