

## Weight

Bilmuri

I feel, feel this glow in my lungs and in my heart  
I breathe you in, into my lungs  
I'm looking for a way  
I'm looking for a way to tell you that I need you  
That I need you

Now I feel the pain  
I'm sick of being so afraid to open up my mouth  
Cascade, spill this blood on the floor  
With these feelings I've been holding inside, holding inside  
I know I feel the pain of all the words you break  
But I can't help to feel your gravity  
Time to take a ride or watch the space between  
'Cause I can feel it closely

I breathe you in, into my lungs  
I'm looking for a way  
I'm looking for a way to tell you that I need you  
That I need you

And now I feel the pain  
So sick of being afraid  
You found your place in my heart  
I feel your gravity  
And now I feel the pain  
So sick of being afraid  
You found your place in my heart  
Hope you can make it a home
