

## Adventures In Paradise

Bing Crosby

I have known, adventures in paradise  
I've followed a dream, to many a shore  
All alone, in harbours of pearl and spice  
I searched for a face, a face to adore

While the tender stars, high in the blue, made love to the night  
I have begged the stars, to lead me to that one lovely shore, forever more  
Then you, walked into my paradise  
And my happy heart, adventures no more

While the tender stars, high in the blue, made love to the night  
I have begged the stars, to lead me to that one lovely shore, forever more  
Then you, walked into my paradise  
And my happy heart, adventures no more
