

# The Only Way To Go

Bing Crosby

Like most people everywhere  
I'm not a millionaire  
But what will shock the Western world  
I don't really care  
And it's the only way to go  
And it's the only dream I know

I'm contented just to be  
Uncomplicated me  
So don't dig any deeper  
What you get is what you see  
And I'm the only man you find  
Who likes nothing on his mind

Good cheer, hand me a beer  
Watch my dreams become real  
Oh no! Please don't go  
I wanna tell ya how happy I feel

We'll be happy 'til we die  
My foolish dreams and I  
Relax until they take us to  
That bar up in the sky  
And up's the only way to go  
And it's the only dream I know

Hi ho, whadda you know  
I hope dreams become real  
Oh no! Please don't go  
I wanna tell ya how happy I feel

We'll be happy 'til we die  
My foolish dreams and I  
Relax until they take us to  
That bar up in the sky  
And up's the only way to go  
And it's the only dream I know  
And it's the only way to go
