Bingo Players

Oh my god  
You ready?  
Yes

I know something's got me hypnotized  
Got my visions running through my mind  
Is it the chemistry of you and I  
This got me hypnotized

Just a look, you have me in a trance  
Took a trip around and back again  
I don't want this dream to ever end  
You got me hypnotized

Oh my god

Ooh  
I see chemistry in motion  
Ooh

Ooh  
Now I feel my temperature rising  
Ooh  
'Cause what you do so hypnotizing

What you do so hypnotizing  
What you do so hypnotizing  
What you do so hypnotizing
