

Cherry On Top

BINI

My presence is a present
Talking French, I'll keep you guessing

Know you got a little candy crush (Crush)
Be careful 'cause you never get enough (Enough)
Every day celebrate, you're with me
Every day, it's your birthday on repeat, birthday on repeat, yeah

If you want it sweet, got the sugar on lock
If you want that spice, I can turn the heat up
Baby, I'm the cake, better know what you got
I'm the cherry on top, cherry on top
Honey, you're a bee, got you buzzing 'round me
Sticky, sticky sweet, frosty as I can be
Baby, I'm the cake, better know what you got
I'm the cherry on top, cherry on top

Cherry, cherry, I'm so berry, rainbow, cotton candy
Glitz and glamour, dripping drama, oh, I'm just so fancy
You can't deny, no, you can't deny
I'm the cherry on top, cherry on top
I'm a sight for sorry eyes, one look and you're paralyzed
Dancing in the disco lights, I can do this all my life (Yeah, yeah)
Cinnamon swirl I twirl, not your average girl (girl)
Got you clutching them pearls (pearls)
'Cause you know who run the world

Every day celebrate, you're with me (Every day, you're with me, yeah)
Every day, it's your birthday on repeat, birthday on repeat, yeah

If you want it sweet, got the sugar on lock
If you want that spice, I can turn the heat up
Baby, I'm the cake, better know what you got
I'm the cherry on top, cherry on top
Honey, you're a bee, got you buzzing 'round me
Sticky, sticky sweet, frosty as I can be
Baby, I'm the cake, better know what you got
I'm the cherry on top, cherry on top
