

Golden Arrow

BINI

Alright
Hey, yeah
Let's go

Think I've lost my keys again
Madness out the door
It's a Friday night, I'm wishing for a little more
Under streetlights 8 PM, let's make this one count
No one else but me and my girls
Running this whole town

Grab the ice cream, go turn the clock
Dance 'til midnight, nobody knock
Everybody watch out a storm is coming your way
Warning signs and flashing lights
All of the clichés
Feeling a little nervous with this moments in our hands
Got nothing to worry about
Time to take the chance

We got, we got, we got tonight, to borrow
We got, we got, we got this golden arrow
Grab the ice cream, go turn the clock
Dance 'til midnight, nobody knock
We got, we got, we got this golden arrow

I like it
Let's go

You can bet, we own the world
Crown is on our heads (Yeah)
Go check out the rules and see
Nothing to be said (Nothing to be said)
In our own world 1 AM
Perfect harmony (Hey)
No one else but me and my girls (Me and my girls)
Making our legacy

Grab the ice cream, go turn the clock
Dance 'til midnight, nobody knock
Everybody watch out a storm is coming your way (La-la-la)
Warning signs and flashing lights
All of the clichés (Oh)
Feeling a little nervous with this moments in our hands (In our hands)
Got nothing to worry about
Time to take the chance

We got, we got, we got tonight, to borrow
We got, we got, we got this golden arrow
Grab the ice cream, go turn the clock
Dance 'til midnight, nobody knock
We got, we got, we got this golden arrow

I gotta take a minute, gotta catch my breath
I don't care about these limits, ready for your tests
I got no time, no dime for nothing else
I got beauty, got strength, I'm the beast of my belle

Now it's my time to, pierce my way through
With this golden arrow, ain't ever be wasted
Yeah, I'm pushing and pushing when I'm on the edge, huh
Fightin' and fightin' 'til I got nothin' left

I go-go-gotta just be carefree, just ignore the bad energy
Nobody can stop me 'cause the star belongs to me
I placed the crown on my head and told myself
This is my shot, watch me I can make it, I can do it (That's right!)
Working hard to get to the top
Hope is on the horizon, we BINI ain't gonna stop
Take your aim, make your mark, fix your eyes on the price
Don't stop believin, hold the feelin', this fire within
Is why we're born to win (Woah, oh)

We got, we got, we got tonight, to borrow (We got tonight)
We got, we got, we got this golden arrow (Got this golden arrow)
Grab the ice cream, go turn the clock (Yeah)
Dance 'til midnight, nobody knock (Yeah)
We got, we got, we got this golden arrow (Oh)

We got, we got, we got tonight, to borrow (Yeah-eh)
We got, we got, we got this golden arrow (We got this arrow)
Grab the ice cream, go turn the clock
Dance 'til midnight, nobody knock
We got, we got, we got this golden arrow (Oh)
