

Penshoppe

I-i-icon
Oh baby babe
Go roll the carpet out tonight
Ay, ay
We'll make em wait
The girls are coming out in style
Ay, ay
Honey, there's no limits
Be who you wanna be
Ay, ay
Every night's our moment now
Imma be me
Ay, ay

Hmmm when you walk in
All the world is in your hands
And oh you can own it
Baby it's your time
Know that it's your time

Go leave 'em wanting to know
Wanting to know your name
I-i-icon
Don't let 'em forget
Go on and leave 'em wanting to go
Wanting to go your way
I-i-icon
Oh they won't regret
'Cause you're gonna be your own icon
I-i-icon, i-i-icon
You know you could be your own icon
I-i-icon
Oh they won't forget
That you're an icon

Listen up now
Be you 'cause there ain't none better
See you on the front page cover
Make 'em talk about you like a storyteller
Let 'em take a pic, it'll last you longer
I see you rocking it, own it
Oh BINI knocking it out of the park
Keep wearing your style like you a star

Hmmm when you walk in
All the world is in your hands
And oh you can own it
Baby it's your time
Know that it's your time

Go leave 'em wanting to know
Wanting to know your name
I-i-icon
Don't let 'em forget
Go on and leave 'em wanting to go

Wanting to go your way
I-i-icon
Oh they won't regret
'Cause you're gonna be your own icon
I-i-icon, i-i-icon
You know you could be your own icon
I-i-icon
Oh they won't forget
That you're an icon

Oh believe me, you can be whatever you want
O BINI BINI trust that you're an icon
Believe me, you is all that you'd ever want
To be 'cause you can own it, you're an icon

Hmmm when you walk in
All the world is in your hands
And oh you can own it
Baby it's your time
Know that it's your time

Go leave 'em wanting to know
Wanting to know your name
I-i-icon
Don't let 'em forget
Go on and leave 'em wanting to go
Wanting to go your way
I-i-icon
Oh they won't regret
'Cause you're gonna be your own icon
I-i-icon, i-i-icon
You know you could be your own icon
I-i-icon
Oh they won't forget
That you're an icon
