

OXYGEN

BINI

Woke up, thank God
Didn't think I would make it this far
Last night, close call
But I'm still singing na, na, na, na, na

Blue skies and red lights
These good times
Are more than a feeling
You put a smile on my lips

Feels like oxygen, woah
And it's a head rush
Every time I breathe you in, woah
I can't get enough, babe, it feels like oxygen

La, la, la, feels like oxygen
La, la, la, feels like oxygen
Oh, oh, lift your head

Woke up, thank God (Baby, don't be scared)
Didn't think I would make it this far
You'll get along with a little prayer and a song
So I'm singing na, na, na, na, na

Blue skies and red lights
These good times
Are more than a feeling
It's a wonder love can make the world go
Round and round and round

Feels like oxygen, woah
And it's a head rush
Every time I breathe you in, woah
I can't get enough, babe, it feels like oxygen (Something about me around you)

La, la, la, feels like oxygen (Something about me around you)
La, la, la, feels like oxygen

Lovin' myself, livin' mah life, feelin' good
Feelin' never tired got me rollin', rollin'
Humingang malalim makinig ka sa'min
Listen to the beat, let's dance and dance

Life is amazing, no one can stop ya
Ain't no wasting, keepin' the fire
If ya wanna feel this forever
Never be scared, find ya O-X-Y-gen

Feels like oxygen
Feels like oxygen
Feels like oxygen
Something about me around you
Something about me around you

Oh, feels like oxygen, woah
And it's a head rush

Every time I breathe you in, woah
I can't get enough, babe, it feels like oxygen (Something about me around you)

La, la, la, feels like oxygen (Something about me around you)
La, la, la, feels like oxygen
