

Secrets

BINI

Something's up, I can see it written on your face you know
What's it now? Whatcha thinking?
Wondering why you can't let it go?
Lately you can't get it off your mind
Don't know what you feel and it's not enough
You can talk to me and we can work this out (This out)

Oh, I don't seem to get you, oh
Are you hiding something from me, baby? (Ooh, oh)
Tell me, tell, tell it all to me now
Tell, tell it all to me now
Ooh, I wanna show you that you can

Tell me all your secrets
Promise I will keep 'em
Just trust me, you can trust me boy
Speak, let me hear your voice
Tell me all your secrets
Promise I will keep 'em
I'm not playing, trust me boy
If you're with me make some noise

I see it's troubling you, I see it's eating you up
I see whatever you do, it ain't letting you off
Gonna hold inside? Let your tongue stay tied?
Never let words slide?
Is it all because of the past that you had?
Is that why you cannot talk to me?
Just can't think of no reasons
Just to let you know you're safe with me

Oh, I don't seem to get you, oh
Are you hiding something from me, baby? Ooh, oh
Tell me, tell, tell it all to me now
Tell, tell it all to me now
Ooh, I wanna show you that you can

Tell me all your secrets
Promise I will keep 'em
Just trust me, you can trust me boy
Speak, let me hear your voice
Tell me all your secrets
Promise I will keep 'em
I'm not playing, trust me boy
If you're with me make some noise

Tell, tell, te-tell me boy (Ayy)
Tell, tell, te-tell me boy
Tell, tell, te-tell me boy (Ayy)
Tell, tell, te-tell me boy

Is it something about me?
Have I done something lately?
Did I say anything to make you feel this way?
Just know that with me by your side
No need to worry
You don't have to hide, ohh

Tell me all your secrets
Promise I will keep 'em
Just know you can trust me, if you're all alone you can call me
Tell me all your secrets
Promise I will keep 'em
You know you can trust me, I'm not lying
You can count on me, oh (That's right)
Deep inside I know (Ohh)
You tryna hide it all keeping your thoughts in limitation (Ayy)
Tell, tell, te-tell me boy (Tell me, tell me baby)
Tell, tell, te-tell me boy
If you need someone to listen to your own feelings (Yeah)
I'm reminding you, baby, you can trust me, mmm
