

Zero Pressure

BINI

Heaven knows a force of nature
I come in like a hurricane
I'll take you down without a chaser
Till everybody knows my name

It ain't about the fame
I wanna be remembered for the way the world gon' change, yes

I got fire in my blood when I move
No, you won't catch me holding out for a miracle
I'm right here and I got nothing to lose
Baby, I'm always looking up at the pinnacle
Never hold back, no
Give a little extra, always doin' better
Keeping the heat on
Zero pressure, zero diamonds

Ain't no one gonna give it to ya
Gotta grab before it goes
Even if it falls to ruins (Woah)
I'll never give in to the pain

It ain't about the fame
I wanna be remembered for the way the world gon' change, yes

I got fire in my blood when I move
No, you won't catch me holding out for a miracle
I'm right here and I got nothing to lose
Baby, I'm always looking up at the pinnacle
Never hold back, no
Give a little extra, always doin' better
Keeping the heat on
Zero pressure, zero diamonds

(Ooh, ooh) Zero pressure
(Ooh, ooh) Zero diamonds
(Ooh, ooh) Zero pressure, zero diamonds
(Ooh, ooh) Zero pressure
(Ooh, ooh) You'll get zero diamonds
