

Defibrillator

binki

Dedicated to you, sparks flying like a fuse
Blow hard when you sneeze, bless you
Pledge allegiance to you, red, white, and the blues
Always dress like a freak, so cute

My phone's ringing, feel the vibration
Let's go steady, this the time and the place
My heart's aching, feel the palpitations
My defibrillator, so cute

Pardon my behavior, my defibrillator
When my heart stops, hit me like a taser
Pardon my behavior, my defibrillator
When my heart stops, hit me like a, hit me like a

Defibrillator, defibrillator
Defibrillator, defibrillator
Defibrillator, defibrillator
Defibrillator, defibrillat-

Dedicated to you, locked in like a screw
Good side showing, don't move
Pledge allegiance to you, not tying my shoes
O say, can you see it? Salute

My phone's ringing, feel the vibration
Let's go steady, this the time and the place
My heart's aching, feel the palpitations
My defibrillator, so cute

Pardon my behavior, my defibrillator
When my heart stops, hit me like a taser
Pardon my behavior, my defibrillator
When my heart stops, hit me like a, hit me like a

Defibrillator, defibrillator
Defibrillator, defibrillator
Defibrillator, defibrillator
Defibrillator, defibrillator

Defibrillator
