

Holy Moly

binki

Suddenly
It feels like I'm walkin' in place
It feels like I never feel the pain, yes
I think I got a hole, think I got a hole in my pants
Suddenly
I feel like you're hoggin' our bed
I feel so dilapidated (Mm)
I think I got a hole, think I got a hole in my pants

Holy, holy-hole
Holy moly
Holy, a miracle
A miracle, a miracle

I might sit down, I wanna go hard
I'm barely listenin', said, "I want a nut job"
I get my kicks off, I wanna be soft
I wanna be soft, I wanna be (Soft)
I might sit down, I wanna go hard
I'm barely listenin', said, "I want a nut job"
I get my kicks off, I wanna be soft
I wanna be soft, I wanna be (Soft)

Suddenly
Everybody's lookin' my way
And really, I'm just tryna save face
I think I got a hole, think I got a hole in my pants (Hey)

Next time you call it off
I don't wanna cry, these tears fell on my screen
Everything's fried, don't make it hard on me, honey
Don't make it harder than it has to be

Holy, holy-hole
Holy moly
Holy, a miracle
A miracle, a miracle

I might sit down, I wanna go hard
I'm barely listenin', said, "I want a nut job"
I get my kicks off, I wanna be soft
I wanna be soft, I wanna be (Soft)
I might sit down, I wanna go hard
I'm barely listenin', said, "I want a nut job"
I get my kicks off, I wanna be soft
I wanna be soft, I wanna be (Soft)
