

## Hotel Window

binki

I forget to speak when you look at me  
I don't know how to eat  
My lips fall asleep, closer than it seems  
And I wonder what it means

Girls outside my hotel window  
My hotel window  
My hotel window  
Undig your foot inside my head  
I wish, I wish you wouldn't twist  
Undig your foot inside my head  
I wish, I wish you wouldn't twist

I wish, I wish you wouldn't

Don't string me along, I won't ever leave  
Got nothing up my sleeve  
Pretty little lawn, pretty little trees  
I wanna know what's underneath

Girls outside my hotel window  
My hotel window  
My hotel window  
Undig your foot inside my head  
I wish, I wish you wouldn't twist  
Undig your foot inside my head  
I wish, I wish you wouldn't twist

I wish, I wish you wouldn't twist  
I wish, I wish you wouldn't
