

S.I.T.F.O.A.

Biohazard

Come on, yeah

Sometimes in life you got to dig deep
To find the strength and to feel the peace
True strength of body and strength of mind
Will guide us all through the hard times
Come on

Yeah

We're all fighting to survive this life
We're all trying to make it all right

Life ain't fair it don't owe you nothing
You pay your dues with the fighting and the struggling
It ain't about you, you know you're not alone
Every pass don't make it to the end zone

You ask yourself how does this happen
When you can't get out of the trap you're trapped in
Never give up, and never give in
Cause you can't let the bastards win

Come on, yeah

We're all fighting to survive this life
We're all trying to make it all right
All right

Out in the streets you make your way, your way
Living through hard times every day, all day
In this world the weak don't last, won't last
If you don't fight back, you don't stand a chance, no chance

Never give up when things get tough, get tough
Never tell yourself that you've had enough, enough
Stand up and fight for what you believe
Show strength in the face of adversity

Strength in the face of adversity
Strength in the face of adversity

Hard times before us all
In the face of resistance ya gotta stand tall
Like a rat that's cornered, fight tooth and nail
Stay strong and you'll never fail
Come on

Yeah

We're all fighting to survive this life
We're all trying to make it all right

Out in the streets you make your way, your way
Living through hard times every day, all day
In this world the weak don't last, won't last
If you don't fight back, you don't stand a chance, no chance

Strength in the face of adversity
Strength in the face of adversity

Strength in the face of adversity
Strength in the face of adversity

Come on
We're all fighting to survive this life
We're all trying to make it all right
