

# BIPOLAR BOULEVARD

Bipolar Sunshine

I'm not innocent  
I asked for this  
I fucking love you  
But I don't want it  
I'm like namaste  
But you like warring  
4 in the morning  
And I still want you

You like drink  
You like fools  
You like drugs  
I like to be on my own  
How does a five foot storm fuck me up  
Where does this rabbit hole go

I'll take a ride down Bipolar Blvd  
You'll see love and you'll see scars  
You'll see everything you wanna be  
And don't want in your heart

I'm not innocent  
I asked for this  
I fucking love you  
But I don't want it  
I'm like namaste  
But you like warring  
4 in the morning  
And I still want you

I'm not innocent  
I asked for this  
I fucking love you  
But I don't want it  
I'm like namaste  
But you like warring  
4 in the morning  
And I still want you  
Want you  
Want you  
And I still want you  
Want you  
And I still want you  
Want you

I repent I'mma fool for a fraud  
But who threw the first stone  
I would be so much better without you  
But I can't move along

I'll take a ride down Bipolar Blvd  
You'll see love and you'll see scars  
You'll see everything you wanna be  
And don't want in your heart

I'm not innocent  
I asked for this

I fucking love you  
But I don't want it  
I'm like namaste  
But you like warring  
4 in the morning  
And I still want you

I'm not innocent  
I asked for this  
I fucking love you  
But I don't want it  
I'm like namaste  
But you like warring  
4 in the morning  
And I still want you  
Want you  
Want you  
And I still want you  
Want you  
And I still want you  
Want you  
And I still want you  
Want...
