

I'm hoping
We can be something
Can't just be nothing

Something
I'm wishing for something
No need to keep on running
And let our stars collide

Curving constellations with no starship
Have you ever felt emotions when the stars tip?
Crash into me, show me where your heart is
'Cause that's the hardest

Are we ascending, are we falling?
I don't know
I don't know

Are they open skies?
Can I change your mind?
You know I was made for you

Moon is made of lies
Maybe it's a sign
Oh, I am a fool for you
What I would do for you

Curving constellations with no starship
Have you ever felt emotions when the stars tip?
Crash into me, show me where your heart is
'Cause that's the hardest

Are we ascending, are we falling?
I don't know
I don't know

I don't know
I don't know
I don't know
I don't know
