

Power

Bipolar Sunshine

Lately
I really think I'm going crazy
I really think I've found the one
Now everything's undone
That didn't even phase me

I'm just trying to see
How this could be bad for me
Does it really have to be

You got that power
La da da da da da da
Power
Over me, over me
You got that power
La da da da da da da
Power
Over me, over me

Ohhhh
Ba dum, da dum
Ohhhh
Ba dum, da dum

I really think I'm going crazy

You've got that power over me
You turn me up bring back all my energy
I've heard enough
Quit tryin' turn us enemies
Cause I'm burning up
On rotation, on repeat
Intoxicated by the way you feel
I float away into space

Like I'm high off pills, you feel me
I'm tryna run it up off plays and deals
If it's a crime to be that guy to throw away my pill I'm guilty

I'm just trying to see
How this could be bad for me
Does it really have to be

You got that power
La da da da da da da
Power
Over me, over me
You got that power
La da da da da da da
Power
Over me, over me

Ohhhh
Ba dum, da dum
Ohhhh
Ba dum, da dum

Lately
I really think I'm going crazy

I'm just trying to see
How this could be bad for me
Does it really have to be

You got that power
La da da da da da da
Power
Over me, over me
You got that power
La da da da da da da
Power
Over me, over me

Ohhhh
Ba dum, da dum
Ohhhh
Ba dum, da dum
