

# Twinkle

## Bipolar Sunshine

My diamonds go  
Twinkle, twinkle little star  
Blackin' out at six  
Don't know where we are  
Mobbin' in the back  
Got the city on lock  
Now we eating dim sum

My diamonds go  
Twinkle, twinkle little star  
Blackin' out at six  
Don't know where we are  
Mobbin' in the back  
Got the city on lock  
Now we eating dim sum  
Saucing on ya

They feeding off my special ways  
These energies don't go to waste  
Got fire on me (ooh)  
Acting up, I'm Hennied up, I'm pulling up  
I got it on me, got it on me, got it on me

Listen up, they cannot flex with us  
Listen up, they cannot flex with us, nah  
Listen up, they cannot flex with us  
Listen up, they cannot flex with us, nah

My diamonds go  
Twinkle, twinkle little star  
Blackin' out at six  
Don't know where we are  
Mobbin' in the back  
Got the city on lock  
Now we eating dim sum

My diamonds go  
Twinkle, twinkle little star  
Blackin' out at six  
Don't know where we are  
Mobbin' in the back  
Got the city on lock

Saucing on ya

I just wanna love  
Careless of thought  
Energy, foreign tint, double swap  
We go in for the swim, triple crop  
Anywhere that I touch it's going off

Listen up, they cannot flex with us  
Listen up, they cannot flex with us, nah  
Listen up, they cannot flex with us  
Listen up, they cannot flex with us, nah

My diamonds go

Twinkle, twinkle little star  
Blackin' out at six  
Don't know where we are  
Mobbin' in the back  
Got the city on lock  
Now we eating dim sum
