

# It's Calm

Birdman

Yeah, miss me with all that noise  
That bullshit no I ain't for it (You know)  
It's calm, it's calm, we good, it's calm  
I came in with my boys, left with your bitch, oh boy (Yeah yeah)  
Its calm, its calm, we good its calm

I'm up in the morning  
Done with the yawning  
I give a fuck if you tourin'  
If that shit ain't come with a tour bus, yeah  
And fuck all the warnings  
We coughin, no worry  
We got the juice  
Juice don't know who cup I'm a pour it in  
I'm vibin' with someone daughter, they lie like they was supportin'  
I never switch on my Whoadie  
They snitchin' they 'Law and Order'  
I'm wishin' my niggas ballin'  
From distance like Kemba Walker  
My chick flew in from New Orleans  
Just spent a zip on my barber  
I'm ridin' regardless  
I'm fly as a saucer  
I fired some niggas then hired my momma  
I lie to your honor  
Shit I'm lying your honor  
Figured out how to bring all them figures an look now on the FaceTime with T  
imbaland

Yeah, miss me with all that noise  
That bullshit no I ain't for it you know  
It's calm, it's calm, we good, it's calm  
I came in with my boys, left with your bitch, oh boy  
Its calm, its calm, we good its calm

Yeah we good, ain't no pressure, same old effort  
We fly nigga change yo feather, ain't gon' let up, the game so extra, but th  
ey know better  
Brand new whips, brand new seats, suede or leather  
Aye young fella, play young fella, it's yo day young fella  
We under the same umbrella, It ain't gonna rain forever  
They gon' know my name forever  
We can't stay the same forever  
Stay rich with my gang forever  
Some of us gon' be lame forever  
Aye... These niggas be hatin', I be boolin'  
Aye... Hop in the plane like a Uber  
Aye... I play the game while you losin'  
Yacht on the way and we cruisin'  
Yacht on the way and we bruisin'

Yeah, miss me with all that noise  
That bullshit no I ain't for it you know  
It's calm, it's calm, we good, it's calm  
I came in with my boys, left with your bitch, oh boy  
Its calm, its calm, we good its calm
