

STUNNAMAN

Birdman

D Roc, D Roc, D Roc, D Roc

I bought a white Bentayga
Had to creep through the night in a spaceship
We was runnin' outside from the jake
Now I put a lot of ice in the face, huh
Keep a lot of shooters in the cut cut
And I got a ride with the tuck up, huh
Gave a hundred racks to my brother, huh
Pop out the check, I'ma fuck up, huh
Uh, and I got the whole hood on go
Look at my neck, my wrist, my pinky all froze
Stunnaman stunnaman stunnaman drip drip down to my toes
Still pull up in a Rolls Rolls

Got a Ferrari when I drive through the hills
All of my niggas outside for real
I'm 'bout to shit on niggas diarrhea
It's a lot of fake niggas, I'ma die real
I be hangin' outside with gorillas
Lost my dog, wanna die with my nigga
Niggas rather be fly than realer
And if the opps wanna slide get hit up
I'm in the gang for the dirty dirty
My right hand keep a 30 clip
I done did some time with the murderers
I ain't gotta shine on purpose, huh

Spent a couple hunnid bands, that was just for the band
Put a dirty hundred grand, up in the laundry bag
'Bout to pop another xan, 'bout to smoke a hundred grams
I'ma be who I am, you are not what I am
Lit like the light at the end of the tunnel man
But the light just might be a train comin' man
I had to spend some money to win some money
I had the rooftop down but still had the tints up on it
Weed so good, I tensed up on it
Lil' hoe tryna' inch up on me while my bitch up on me
Rose gold lookin' like ketchup on me
I let that chopper ring with no holy matrimony
All red like Patrick homie
Red bone got her latches on me
I can't even sleep tight without a million cash inside the mattress homie
Told bae I'm in the booth you gon' have to play with the pussy on FaceTime
