

## Flames

Birdpen

Don't stop feeling  
Don't slow down  
Don't stop dreaming  
Don't let time fall

Don't let it go (Don't let it go)  
Hold me here (Hold me here)  
Don't let it go (Don't let it go)  
Hold me here (Hold me here)

She dances in the flames  
She's the light in the insane  
She dances in the flames  
She's the light in the insane

Don't you stop, love  
Hold on, dear  
This is your life

You are it

Don't let it go  
Hold me here  
Don't let it go  
Hold me here  
She dances in the flames  
She's the light in the insane  
She dances in the flames  
She's the light in the insane  
She dances in the flames  
She's the light in the insane  
She dances in the flames  
She's the light in the insane

Don't let it go  
Hold me here  
Don't let it go  
Hold me here
