

# Like A Mountain

Birdpen

[Verse 1]

You can run, you can hide  
You can dance, you can smile  
You can breathe  
You can pray, you can speak  
You can love, you can teach  
You can hold me  
You can tell, you can leave  
You can face what you deceive  
Or you can lie  
You can climb, you can see  
You can make what you believe

[Chorus]

Let it hit you like a mountain

[Verse 2]

You can sink, you can swim  
You can end, or you begin  
You have a chance  
You can crush, you can save  
You can roll with the waves  
Or let them swallow you  
You can feel, you can mime  
You can act all the time  
Or you confess  
You can pray, you can speak  
You can love, you can teach  
You can hold me

[Chorus]

Let it hit you like a mountain  
Let it hit you like a mountain  
Let it hit you like a mountain

Let it hit you like a mountain

[Bridge]

You can run, you can hide  
You can dance, you can smile  
You can pray, you can speak  
You can love, you can teach  
You can tell, you can leave  
You can face what you deceive  
You can climb, you can see  
You can make what you believe  
Let it hit you like a mountain  
You can sink, you can swim  
You can end, or you begin  
You can crush, you can save  
You can roll with the waves  
You can feel, you can mime  
You can act all the time  
You can pray, you can speak  
You can love, you can teach  
Let it hit you like a mountain  
You can hold me

You can hold me

[Outro]

Let it hit you like a mountain

Let it hit you like a mountain

Let it hit you like a mountain

Let it hit you like a mountain
