

Modern Junk

Birdpen

Celebrate all the hate
Congregate in a space with so called friends
Complicate, formulate
Penetrate your brain with modern junk

Celebeate no feeling
All the hate, drip feeding

Separate without a trace
Disappear down in a hole
Radiate, mutilate
It's gonna break as we all dance life away

Everything's a simulation
And you feel it while you can
Everything in fake formation
Eat, sleep, pray

Celebeate no feeling
All the hate, drip feeding
Celebeate no feeling
All the hate, drip feeding
Procreate, vegetate
All the people feeding down on modern junk

Everything's a simulation
And you feel it while you can
Everything in fake formation
Eat, sleep, pray

Celebeate no feeling
All the hate, drip feeding
Celebeate no feeling
All the hate, drip feeding
