

Harlequins

Birds of Tokyo

Come take a seat, relax, enjoy the show
Let us entertain you til the end
We pull on strings that you will never see
Behind the veil
Come closer to me dear, I'll confide
The secrets we can share

Let me dance for you
Like you want me to
Let me sell you lies
Complicate the truth
You are all mine...

One flash of light, one softly spoken word
Little whispers will reveal the stage
(Down, down)
You think you're safe just don't look for the door
There's no escape
Come closer to me dear
I'll confide

Nobody's fooling no-one anymore
We are harlequins, we are deceit
(Down, down)
Nobody's fooling no-one anymore
It's make-believe
Come closer to me dear, I'll confide
The secrets we can share
For a prize

Let me dance for you
Like you want me to
Let me sell you lies
Complicate the truth
You are all mine!

Let me dance for you
Like you want me to
Let me dance for you
Like you want me!
