Birds of Tokyo

Tell me if it's easier with somebody else  
I ain't going to stop you  
If you got to go then I'll get out of the way  
Even though it hurts  
You say that your sorry but you got to move on  
Even though you love me  
I was always trying to be everything else  
But nothing that you need

They say hearts will mend and time will help you heal  
I hope so 'cause I can't help the way it feels  
When you leave you have to take  
That photo by the lake  
In that place we were the best we'd ever been

I don't know where you're going but I want you find  
Someone to believe in  
I hope that you find a love that's everything else  
I was trying to be  
I don't know how to do it but I've got to move on  
How will I forget you  
When you catch yourself with a smile on your face  
Do remember me

They say hearts will mend and time will help you heal  
I hope so 'cause I can't help the way it feels  
When you leave you have to take  
That photo by the lake  
In that place we were the best we'd ever been

They say hearts will mend and time will help you heal  
I hope so 'cause I can't help the way it feels  
When you leave you have to take  
That photo by the lake  
In that place we were the best we'd ever been

When you leave you have to take  
That photo by the lake  
In that place we were the best we'd ever been
