

Underneath the moonlight  
I don't wanna stay on the outside looking in  
I don't wanna fear it  
I wanna feel it

Under my reflection  
I don't wanna stay on the outside looking in  
I don't wanna fear it  
I wanna feel it

Gazing up a mountain  
I don't wanna stay on the outside looking in  
I don't wanna fear it  
I wanna feel it

Soon will be dawn  
Soon will be dawn, I will start again

Gazing up a mountain  
I don't wanna stay on the outside looking in  
I don't wanna fear it  
I wanna feel it

Soon will be dawn  
Soon will be dawn, I will start again  
Soon will be dawn  
Soon will be dawn, I will start again
