

# Nothing Ever Stays

Birdtalker

Sittin' on the beach, lookin' at the water  
Thinking 'bout how you're really gone  
And how it stings the way you left me here  
Why'd I try loving you at all?

But it's not your fault, it's in the water  
See how it's here and now it's there?  
You don't believe me, watch the sun, its rise and fall  
And there's a chill now in the air

Nothing ever stays  
Nothing ever stays  
Not your hair, not your face  
Nothing ever stays

So roll me over, roll me under  
Just like the sand upon the shore  
Until I don't know if I'm coming or I'm going  
And I don't care anymore

'Cause nothing ever stays  
Nothing ever stays  
Not your hair, not your face  
Nothing ever stays

You'll never find what you're looking for  
You'll always be moving on  
You'll never find what you're looking for  
You'll always be moving on, and on, and on

'Cause nothing ever stays  
Nothing ever stays  
Not your hair, not your face  
Nothing ever stays

Nothing ever stays (Nothing really ever stays)  
Nothing ever stays (No it really never does)  
Not your hair, not your face  
Nothing ever stays

Nothing ever stays (First a tadpole, now a frog)  
Nothing ever stays (First a tree and then a log)  
Not your hair, not your face (Now it's summer, now it's fall)  
Nothing ever...

One day you're here and then you're gone
