Right On Time

Birdtalker

Oh, can you feel the way we're flying through the air?
We're spinning 'round, there is no stopping us
As planets dance, we feel the wind blow through our hair
And in their spinning they keep time for us

A turn reveals the sun, a turn reveals the night
And in this dizzy dance, do you thank them for the ride?

Did anybody ever tell you that you're right on time?
And if your doubt tries to compel you, don't pay him any mind
You couldn't ever not be right on time

Yes life is like a wave, I ride it up and down
One day I'm flying, next I'm sinking fast
But if I fight against it, I will surely drown
That salty water filling up my chest

And though I'll miss the sky, I'm gonna learn to dive
Don't both the bird and fish understand how to fly?

Did anybody ever tell you that you're right on time?
And if your doubt tries to compel you, don't pay him any mind
You couldn't ever not be right on time

Did anybody ever tell you that you're right on time?
And if your doubt tries to compel you, don't pay him any mind
Right on time
Right on time
Right on time
